

Rules and Conditions - Terms of Use/Terms of Service/Copyrights

1. Fidentis 3D Face Database (F3D-FD or Fidentis Database) is a biometric database of human 3D faces and associated documentation accessible via web-based service. The objective of the database is to serve as a reference sample mapping inter- or intra-population variation for the purpose of clinical diagnostics and advancing research in biomedical areas and to facilitate research and development in the field of 3D face recognition by providing an access to large-scale quantitative data.
2. The access to the database is granted upon request.
3. All database users must be registered upon filling a registration form. Prior to approving the access to the Fidentis 3D Face Database the database administrator reserves the right to verify credentials and information as stated in the registration form.
4. The database administrator reserves the right to deny or to terminate the user's access into the Fidentis 3D Face Database for any reason.
5. Registered users of the Fidentis 3D Face Database can download the freely available promo sample of the database free of charge.
6. Fidentis 3D Face Database is technically supported by Masaryk University, Czech Republic and Masaryk University reserves the copyrights of the database.
7. The provider of the Fidentis 3D Face Database holds no liability for any consequences of using the provided data.
8. All rights of the Fidentis 3D Face Database including biometrics data and web-based services are reserved. It is not permitted to copy, distribute or modify these resources. The 3D data may be used to create new 3D data but without modifying the original data themselves.
9. Derivative works based upon or using the Fidentis 3D Face Database (publication, presentation) must include acknowledgement as follows: "Credit is hereby given to the Laboratory of Morphology and Forensic Anthropology and the Human Computer Interaction Laboratory, Masaryk University for providing the database of 3D human faces". If derivative works are published the following paper should be cited: Urbanová P, Ferková Z, Jandová M, Jurda M, Černý D, Sochor J. 2018. Introducing the FIDENTIS 3D Face Database Anthropological review vol. 81(2), 202–223
10. Display, reproduction and publication of derivative works based upon or using the Fidentis 3D Face Database is allowed only if the reference is included.
11. The Fidentis 3D Face Database is intended for non-commercial purposes only. Any commercial use, sale, or distribution is strictly prohibited.
12. The Fidentis 3D Face Database user is requested to respect technical limitations of the database website and database server.
13. The provider reserves the right to modify the content of the Fidentis 3D Face Database from time to time or to terminate the services for any reason.
14. Where appropriate, the provider serves the right to contact the user via email and to issue the user with appropriate information for the benefit of both parties.
15. Any information collected from users via registration forms will be treated as confidential and protected as such. Any information will not be shared to any third party.
